I would like to register for the 'Forum Life Science 2015' on 11 – 12 March 2015.

- both days
- 11 March 2015
- 12 March 2015

Please register before March 4, 2015, using a separate form for each person. Registration fee and conditions please see general information. Cancellations received before March 4, 2015, are exempt from charges. For later cancellations and for nonattendance, the full amount will be incurred. Substitution of participants is possible according to prior agreement.

General terms and conditions and privacy statement of Bayern Innovativ GmbH apply: www.bayern-innovativ.de/agb; www.bayern-innovativ.de/datenschutz
Bayern Innovativ saves your data exclusively for internal use. If you do not wish to receive any further information, please write to datenbank@bayern-innovativ.de or phone +49 911-20671-173
Films and fotos taken at the venue and possibly showing participants might be published for editorial purposes.

Please send me the registration confirmation and invoice.

Please send me the final programme.

I am interested to exhibit at the 'Forum Life Science 2015'.

I am interested in a short presentation and/or presenting a poster.
Application forms and more information on the exhibition and poster presentation are available at: www.bayern-innovativ.de/fls2015en/exhibition

International Congress and Exhibition

11 – 12 March 2015

Technische Universität München, Garching

The International Congress 'Forum Life Science' is the leading interdisciplinary platform for knowledge transfer and cooperation in Europe – with a unique focus on Life Sciences and their industrial applications in pharma, food and biotechnology.

In plenary and parallel sessions renowned experts will present recent scientific results, novel technologies and latest developments in Life Sciences to more than 1,000 participants.

The accompanying exhibition offers companies and institutes the opportunity to present innovative products, technologies and services.

The official reception gives an excellent opportunity for discussions and networking.

Plenary Session

- Framework for Life Science Innovation
- Health Strategies
- Future Trends in Nutrition
- Innovations for Bioeconomy
- Assignment of the German Life Science Award

Pharma Development

- Precision Medicine
- Molecular Diagnostics
- Big Data Analytics
- Disruptive Technologies
- Cell Therapies
- Immunotherapy

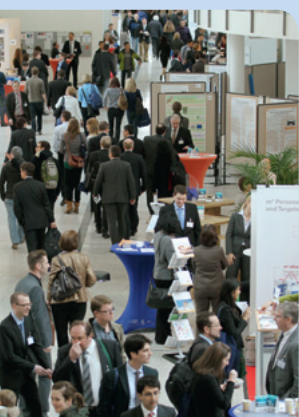

Food & Nutrition

- Personalised Nutrition
- Future Food
- ICT & Monitoring
- Food Security & Sustainability
- Food Safety
- Packaging & Logistics

Industrial Biotechnology

- Renewable Resources
- Process Technology
- Synthetic Biology
- Biobased Materials
- Urban Mining
- Green Chemistry

Exhibition

Companies and research institutes present for example recent developments, technologies and products in:

- Analytics & Diagnostics
- Drug Discovery
- Cell-based Technologies
- Preclinical Research
- Biocatalysis
- Bioprocess Engineering
- Biopharmaceuticals
- Biomaterials
- Food Processing
- Functional Ingredients
- Laboratory Automation
- Imaging Technologies
- Bioinformatics
- Regulatory Affairs

Reception

11 March 2015,
in the evening
